Outlet Fittings Heavy Duty Skimmer

Corrosion-Proof Unibody Construction

The heavy-duty skimmer can be used for residential and commercial swimming pools suitable for concrete, fiberglass and vinyl surfaces. The 3 models are injection molded and made with UV resistant ABS material; the reinforced material provides the maximum strength and durability for all weather conditions. The high flexibility design allows 1.5" or 2" suction connections to the piping.

Product Features

1. Suitable for 1.5" and 2" piping
2. Knockout overflow / fill port
3. Large debris collection basket
4. Snap-in and removable weir
5. Optional accessories:
 - a) stackable extension collar allows infinite vertical height
 - b) stackable extension throat allows infinite horizontal length

Outlet Fittings VGB Anti-Vortex Main Drain

Anti-Vortex Main Drain

This series of Main Drains comply with provisions of ANSI/APSP-16 2011 standard and the Virginia Graeme Baker Pool and Spa Safety Act. High quality main drains are made of ABS which has the resistance in pool chemical and sunlight.
