● ABOUT US

- Certificate
- Factory&Company

● MAIN PRODUCT

- White PE copper line set
- Black rubber copper line set
- White PE AC installation kit
- Black rubber AC installation kit
- Insulated aluminum pipe kit

● AC ACCESSIOUS

- Line Set Cover
- Air Conditioner Bracket
- The Other Air Conditioner Parts

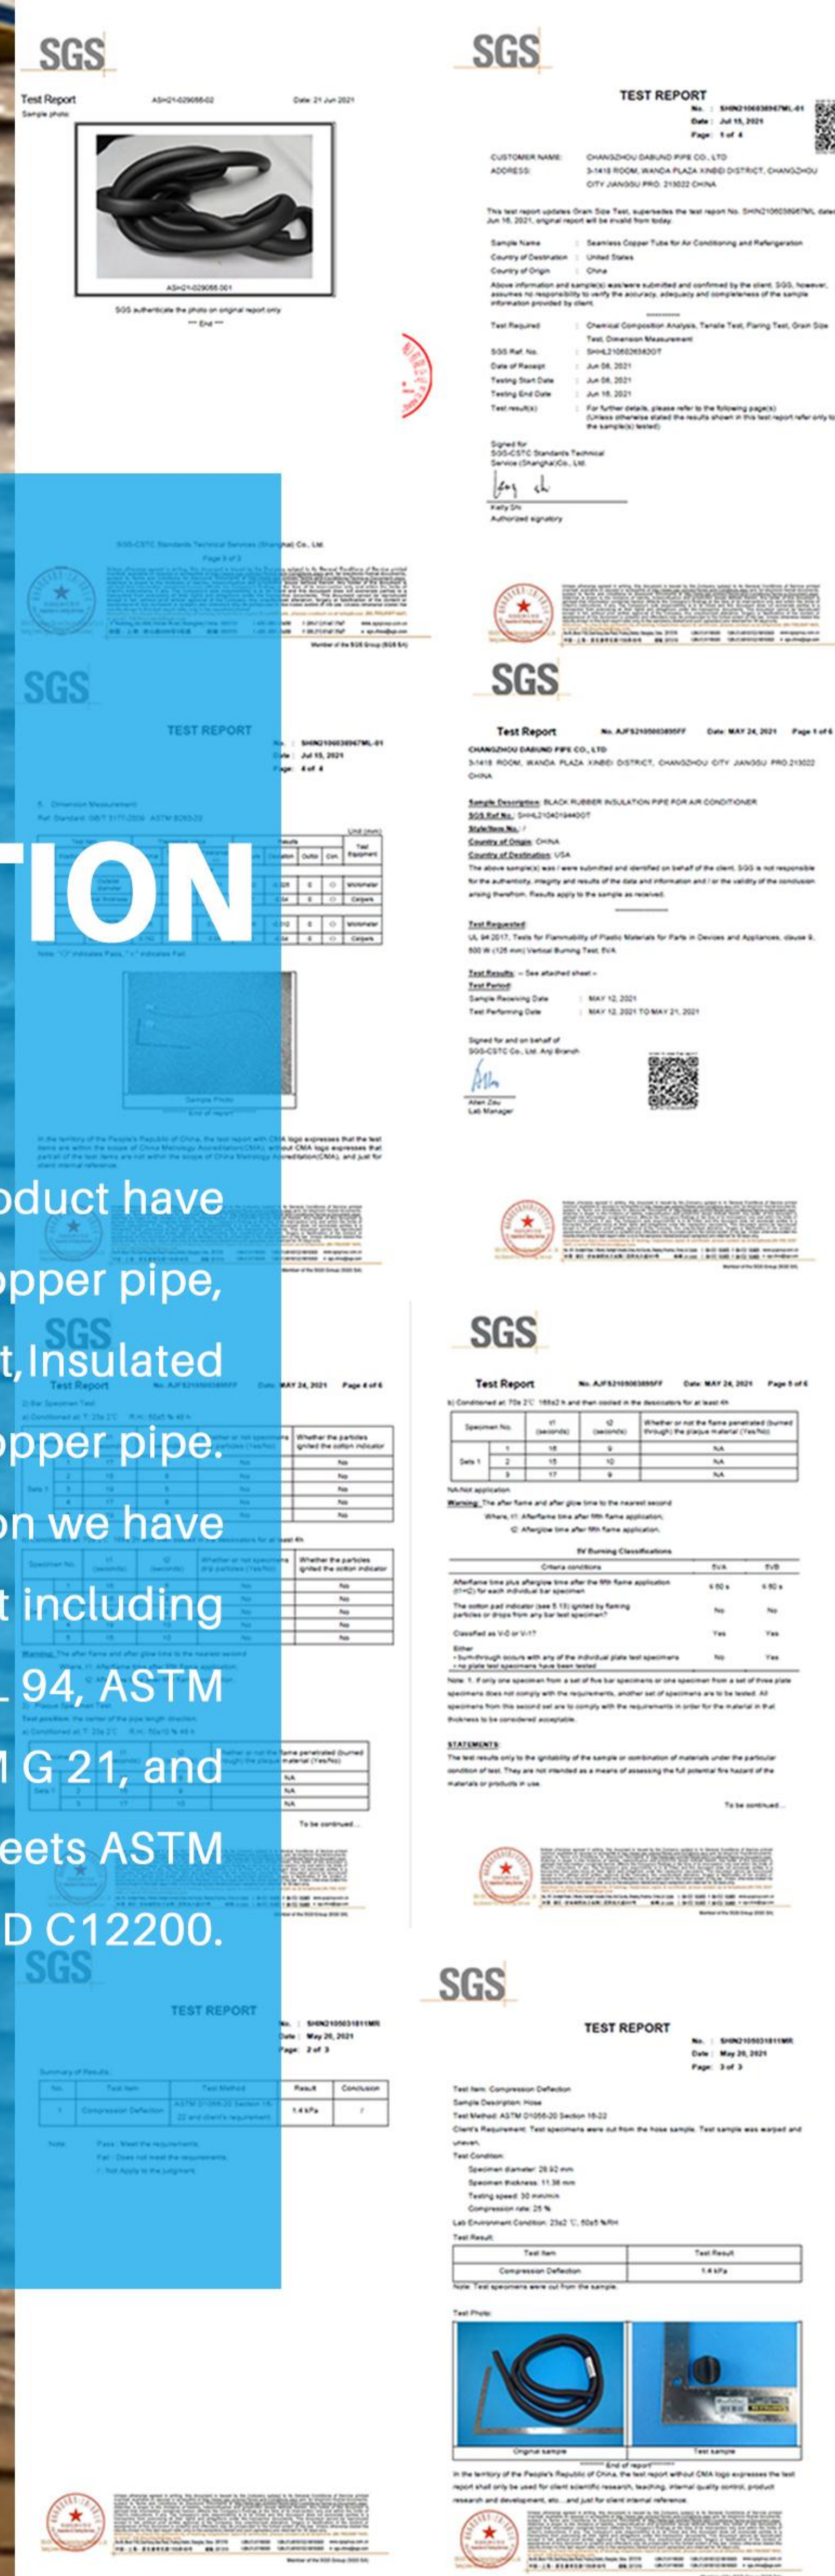

FACTORY INFORMATION

Our main product have
AC insulated copper pipe,
Mini split line set, Insulated
aluminum&copper pipe.

For the insulation we have
SGS test report including
ASTM E 84, UL 94, ASTM
D1056, ASTM G 21, and
copper pipe meets ASTM
B280 AND C12200.

COMPANY INFORMATION

Welcome to our company

Changzhou Dabund Pipe CO.,LTD is build since 2015 year, one professional manufacturer and trading company of HVAC&R products,but actually we have factory since 2008 year. We are in Changzhou city Jiangsu PRO.It is in the center of Yangtze river delta,only 1 hour to Nanjing or Shanghai by train.Our main product is Air Conditioner Installation Pipes,including Insulated Copper Pipe Roll and Copper Pipe Line Set;Air Conditioner Aluminium Pipe Set,Air Conditioner Installation Pipe Kit with accessories.

We exported to many countries,like North America,Europe,South Africa,Middle East, Latin America and so on.We control the productions, so can offer you good quality with good price.We hope DABUND PIPE can make air conditioners work very well for cooling and hotting all over the world.We welcome you come to visit our company at any time.Enjoy Dabund Enjoy Life.

White PE Copper Line Set (can customer 1m-50m)

Three Layer Insulation Pipe

Plastic Cap

99.9% Pure Copper

White PE Insulation Pipe

With embossed polyethylene film, climate resistant foam, and thickened insulated cotton, this three-layer insulated mini split copper line set is corrosion-resistant, fireproofing, flame-retarded, thermal insulation, waterproof, shockproof, sound absorption and durable.

Emperature resistant -40°C~120°C.(Polypropylene & UV Resistant, ASTM E 84, UL94, ASTM D1056 and ASTM G 21)

Copper Tube

99.9% pure copper (meets ASTM B280 and C12200 standard) ,specially soft annealed, easy to bend without kink.

Plastic Cap

Keep the inner wall of the pipe clean and prevent dirt from entering the pipe.

● Works for every Air Conditioning & Refrigeration Application including Ductless

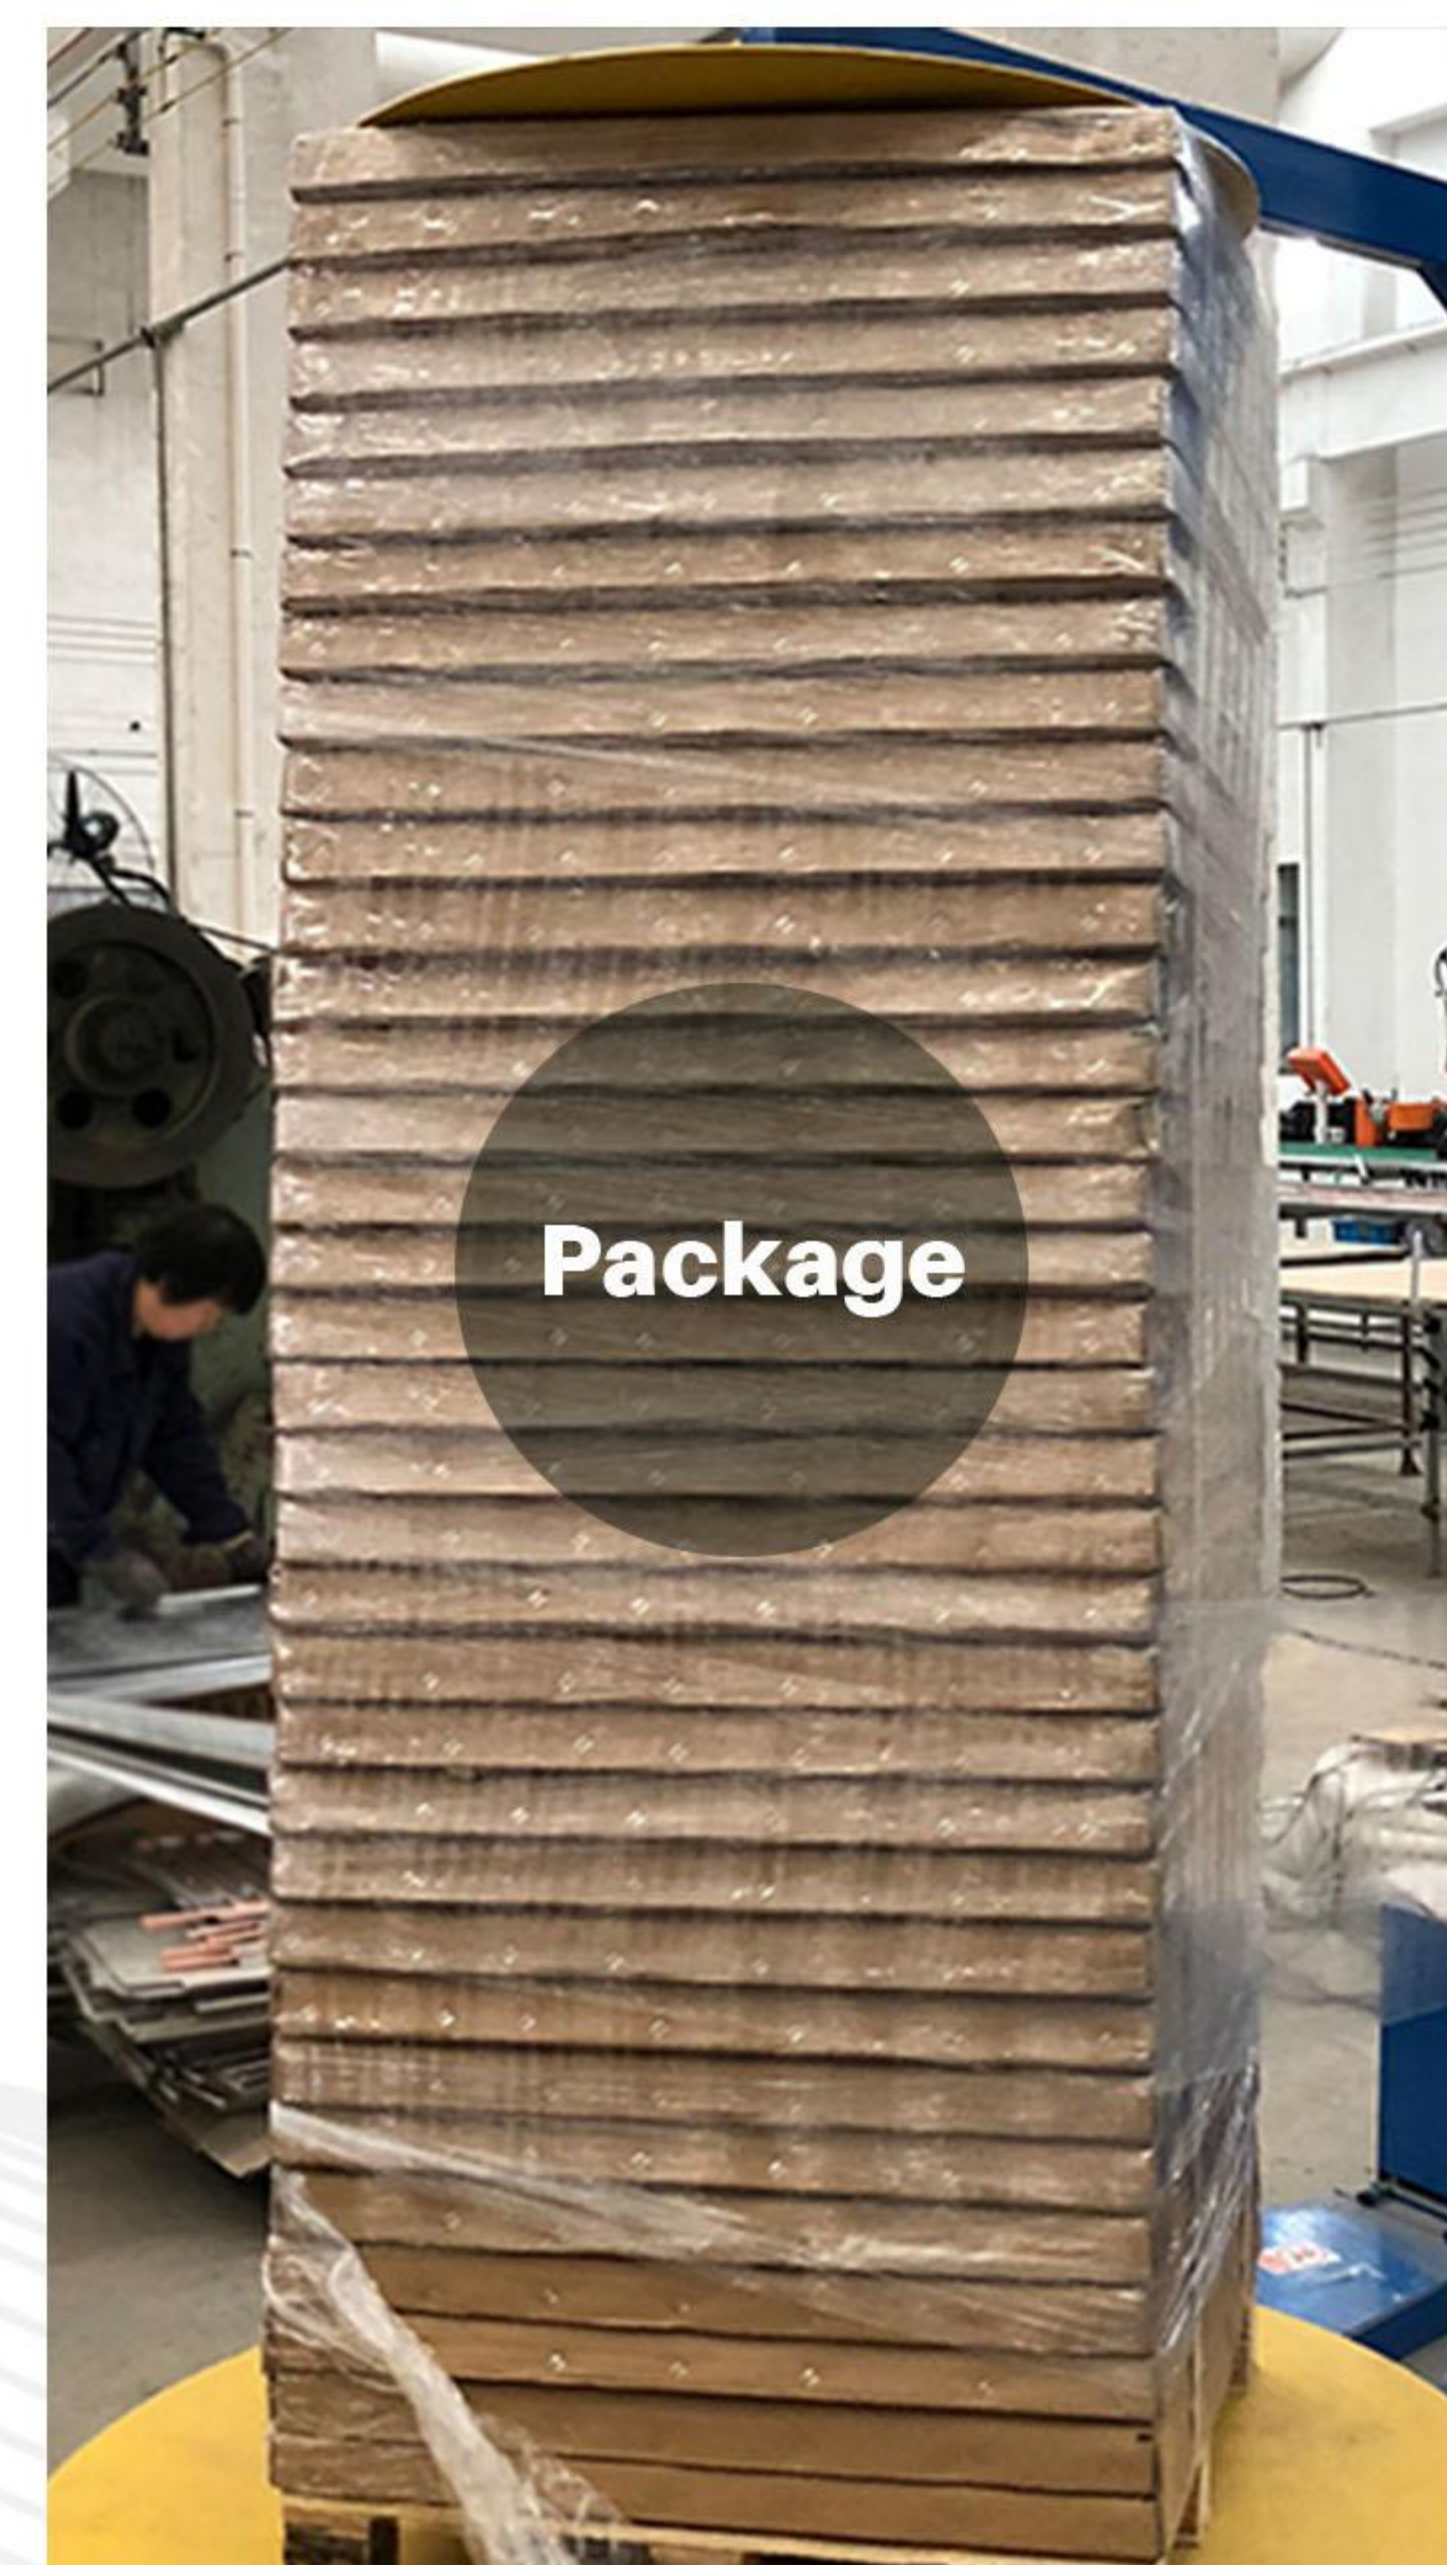

White PE Insulation Pipe

ASTM E 84
UL94
ASTM D1056
ASTM G 21

Copper Pipe

ASTM B280
C12200

Package

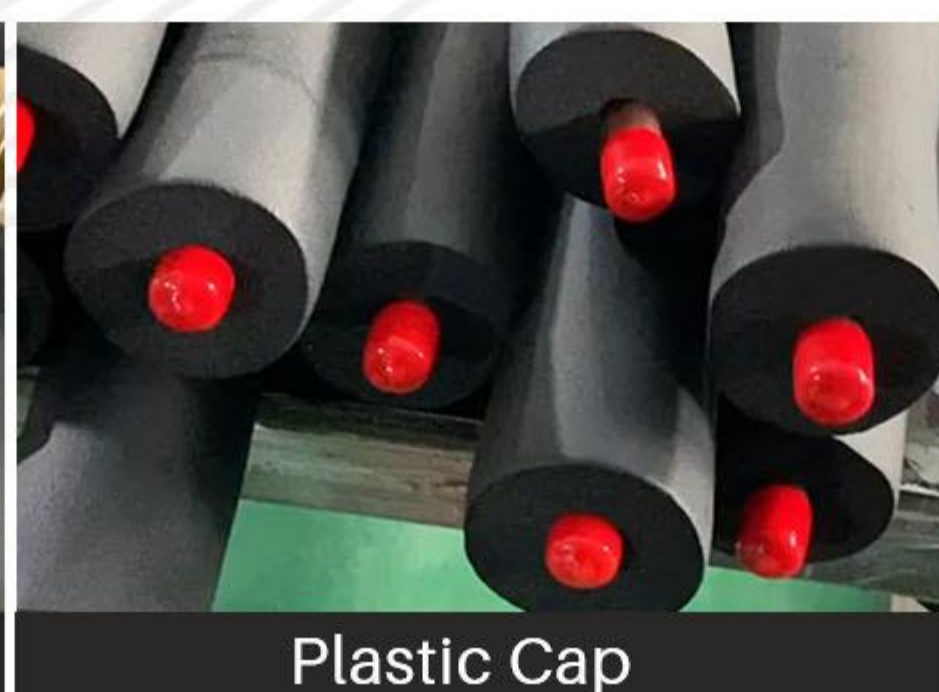

Package

Black Rubber AC Line Set (can customize 1m-50m)

Rubber Insulation Pipe

Plastic Cap

99.9% Pure Copper

Black Rubber Insulation Pipe

Pipe Insulation, Material Black Rubber, Temp Range -40 Degrees to 120 Degrees.

(Polypropylene & UV Resistant, meets ASTM E 84, UL94, ASTM D1056 and ASTM G 21)

The pipe insulation has a better function of moisture condensation. Insulation material is both the insulation layer and moisture-proof layer.

There is no need to drop the water vapor permeation protective layer so that it has a better moisture condensation function.

Copper Tube

99.9% pure copper(meets ASTM B280 and C12200 standard), specially soft annealed, easy to bend without kink.

Plastic Cap

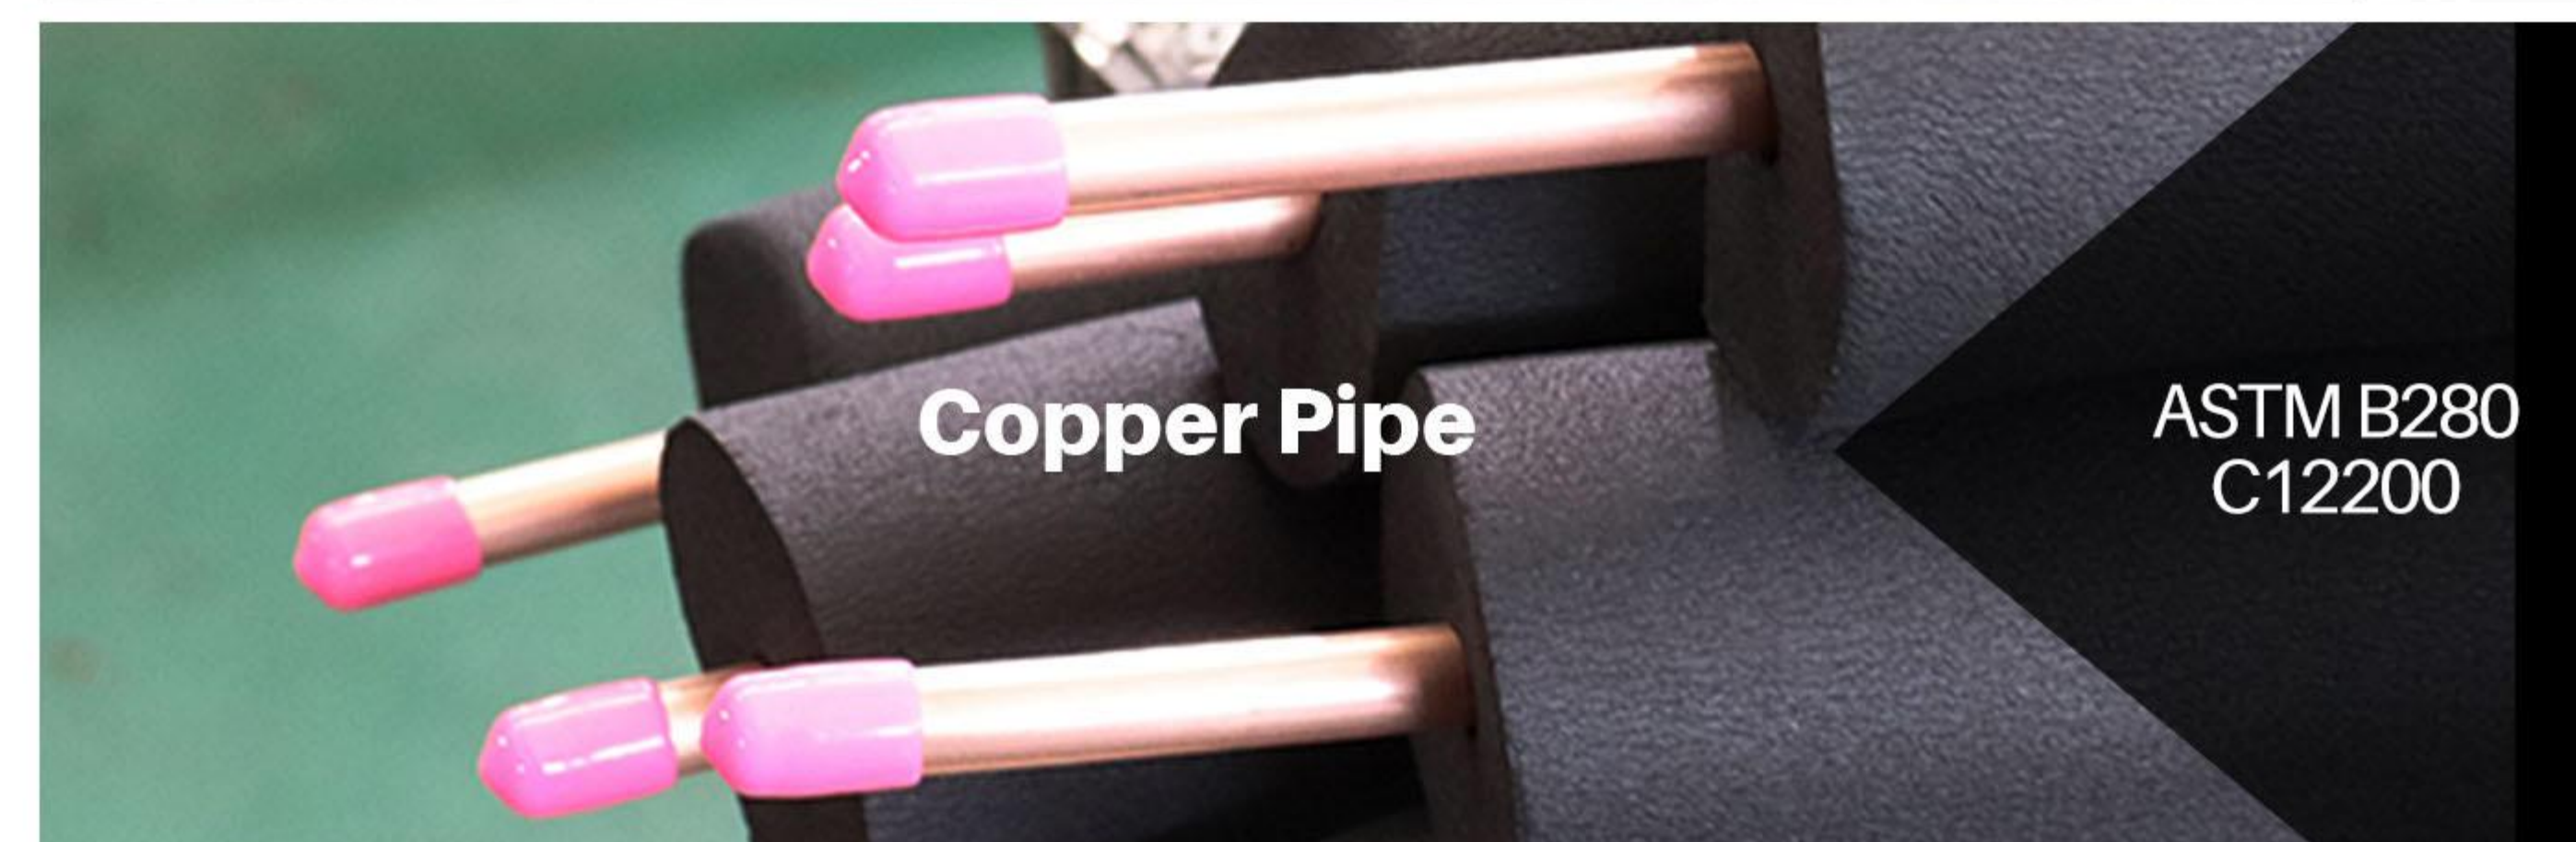

Keep the inner wall of the pipe clean and prevent dirt from entering the pipe.

● Works for every Air Conditioning & Refrigeration Application including Ductless

Package

White PE AC Installation Kit (can customer 1m-10m)

Three Layer Insulation Pipe

Plastic Cap

99.9% Pure Copper

Key Features of White PE Mini Split Installation Kit

1. Mini Split Installation Kit including one set air conditioner **insulated copper pipe**, and **other accessories**, like communication wire cable, drain hose 3m, wall pipe and cover and the other necessary parts.
2. Both of the two copper pipe end do **flaring and nuts**.
3. White PE thickness is **3/8" 1/2" 3/4" 1" or 8mm 9mm 10mm 13mm 19mm 25.4mm**.
4. For the AC Installation kit, most popular size is 3m 4m and 5m. Europe want 6m 7m 8m 10m.
5. For the insulation we have SGS test report including **ASTM E 84, UL 94, ASTM D1056, ASTM G 21**, and **copper pipe meets ASTM B280 AND C12200**.

● Works for every Air Conditioning & Refrigeration Application including Ductless

Black Rubber AC Installation Kit (can customer 1m-10m)

Rubber Insulation Pipe

Copper Nut

99.9% Pure Copper

Key Features of White PE Mini Split Installation Kit

1. Mini Split Installation Kit including one set air conditioner **insulated copper pipe**, and **other accessories**, like communication wire cable, drain hose 3m, wall pipe and cover and the other necessary parts.
2. Both of the two copper pipe end do **flaring and nuts**.
3. **Black Rubber thickness is 1/2" 3/4" 1" or 13mm 17mm 19mm 25.4mm**.
4. For the AC Installation kit, most popular size is 3m 4m and 5m. Europe want 6m 7m 8m 10m.
5. For the insulation we have SGS test report including **ASTM E 84, UL 94, ASTM D1056, ASTM G 21**, and **copper pipe meets ASTM B280 AND C12200**.

●

Insulated Aluminum Pipe(can customer 1m-10m)

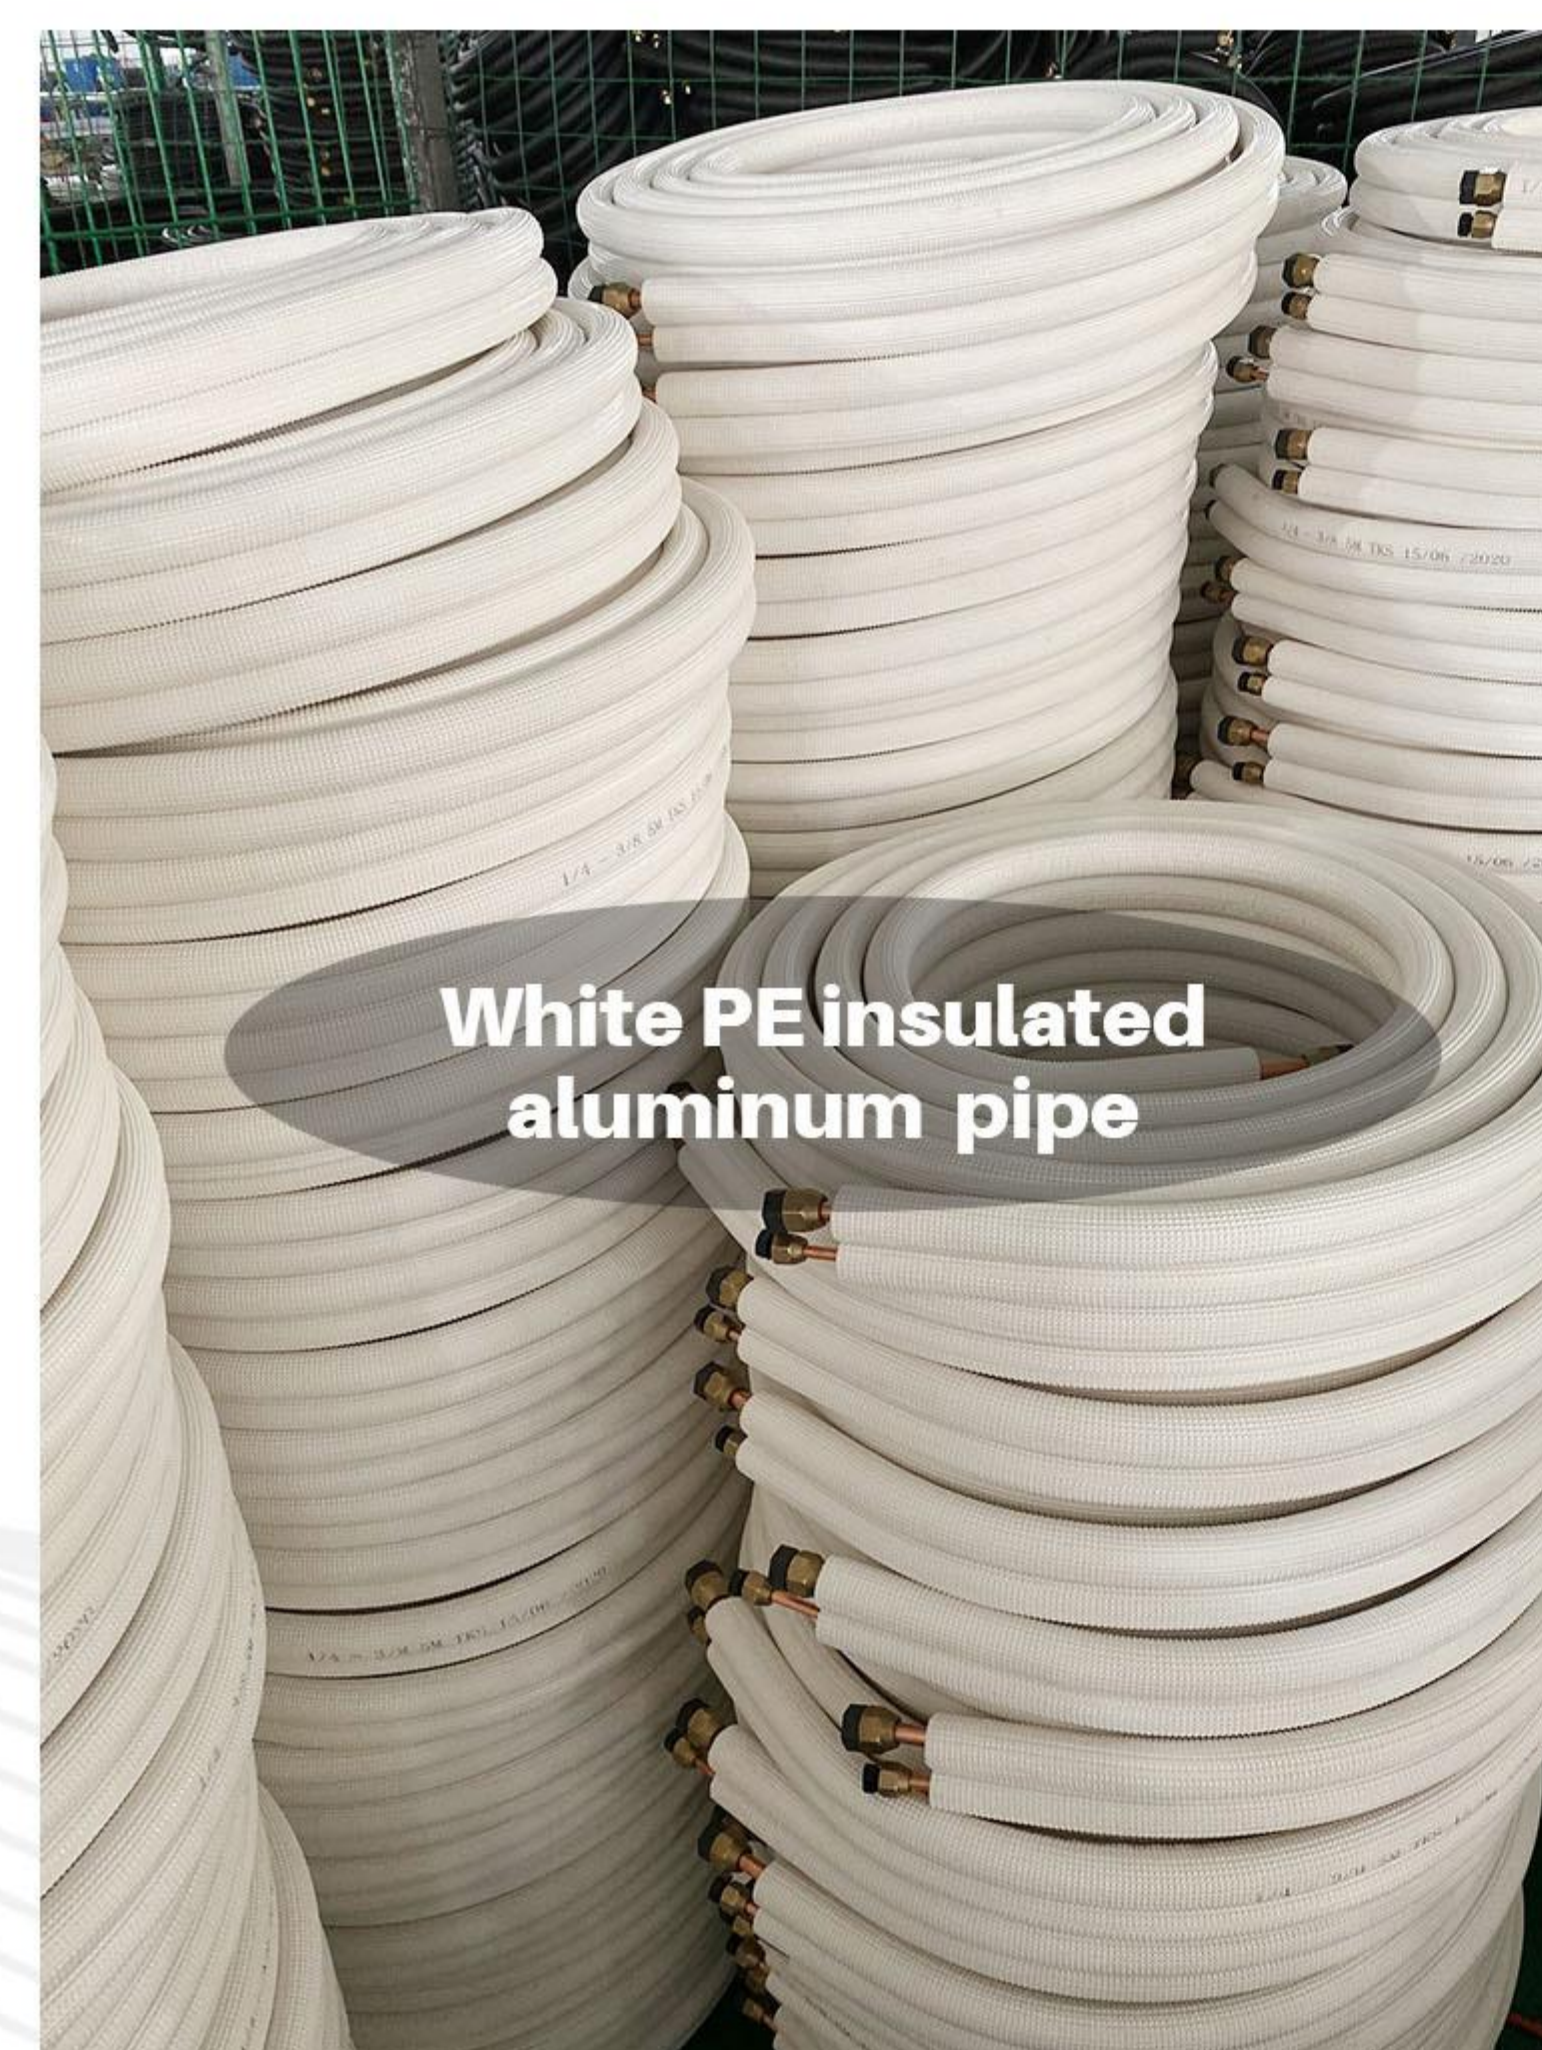

Aluminum&Copper welding

Key Features of White PE Insulated Aluminum Pipe

1. **Aluminum copper pipe** including one set air conditioner insulated copper aluminum pipe and other accessories, like communication wire cable, drain hose 3m, wall pipe and cover and the other necessary parts.
2. **Both of the two ends are copper pipe**, length is **1m-15cm**. The rest is Pure Aluminum Pipe, 1000series 1070 grade aluminum. Soft aluminum pipe easy to be bend to be flexible.
3. PVC plastic pipe is cover whole aluminum pipe, to protect the aluminum pipe not to be wet, keep the good quality.
4. For the AC Installation kit, most popular size is 3m 4m and 5m. Europe want 6m 7m 8m 10m.
5. For the insulation we have SGS test report including **ASTM E 84, UL 94, ASTM D1056, ASTM G 21**, and **copper pipe meets ASTM B280 AND C12200**.

● Works for every Air Conditioning & Refrigeration Application including Ductless

White PE insulated aluminum pipe

Black Rubber insulated aluminum pipe

Model: Copper Line Set

Material: Copper C12200

Let set Insulation: High melting point low-density polyethylene

Heat resistance: heat resistant 120-celsius degree

Shrinking protection: PE fire retardant

Certificate: ASTM E 84, UL 94, ASTM D1056, ASTM G 21, ASTM B280 AND C12200.

Size Table

Size	Copper pipe	Thickness Insulation Size	Length available	Flame resistant
1/4+3/8	6.35x0.75+9.52x0.8mm	3/8"/1/2"/3/4"/1	1m - 50m	M1/B1
1/4+1/2	6.35x0.75+12.7x0.8mm	3/8"/1/2"/3/4"/1	1m - 50m	M1/B1

AC Accessious(Air Codnitioner Bracket)

DABUND PIPE

Model: Air Conditioner Bracket

Material: Hot rolled plate(can customize)

Color: White or(customize)

Surface Treatment: polyster powder coating

Loading weight:100-250kg

Serial number: TB-122, TB-103, TB-113, TB-101,TB-107

Function: Weather resistant,Perfect for long-term outdoor use.

Fits most of mini split ductless air conditioner heat pump systems.

Item Name: TB-122

Material: Hot rolled plate(can customize)
Thickness:(can customize)
Color: White or(customize)
Surface Treatment: polyster powder coating
Loading weight:100-250kg

It can be customized to your size thickness

Model: Rubber Air Conditioner Pad

Material: Rubber

Function: Protect refrigerant pipes, prevent refrigerant leakage, good decorative effect, environmental protection and energy saving.

* Other Rubber Air Conditioner Pad

Model: Plastic Air Conditioner Base

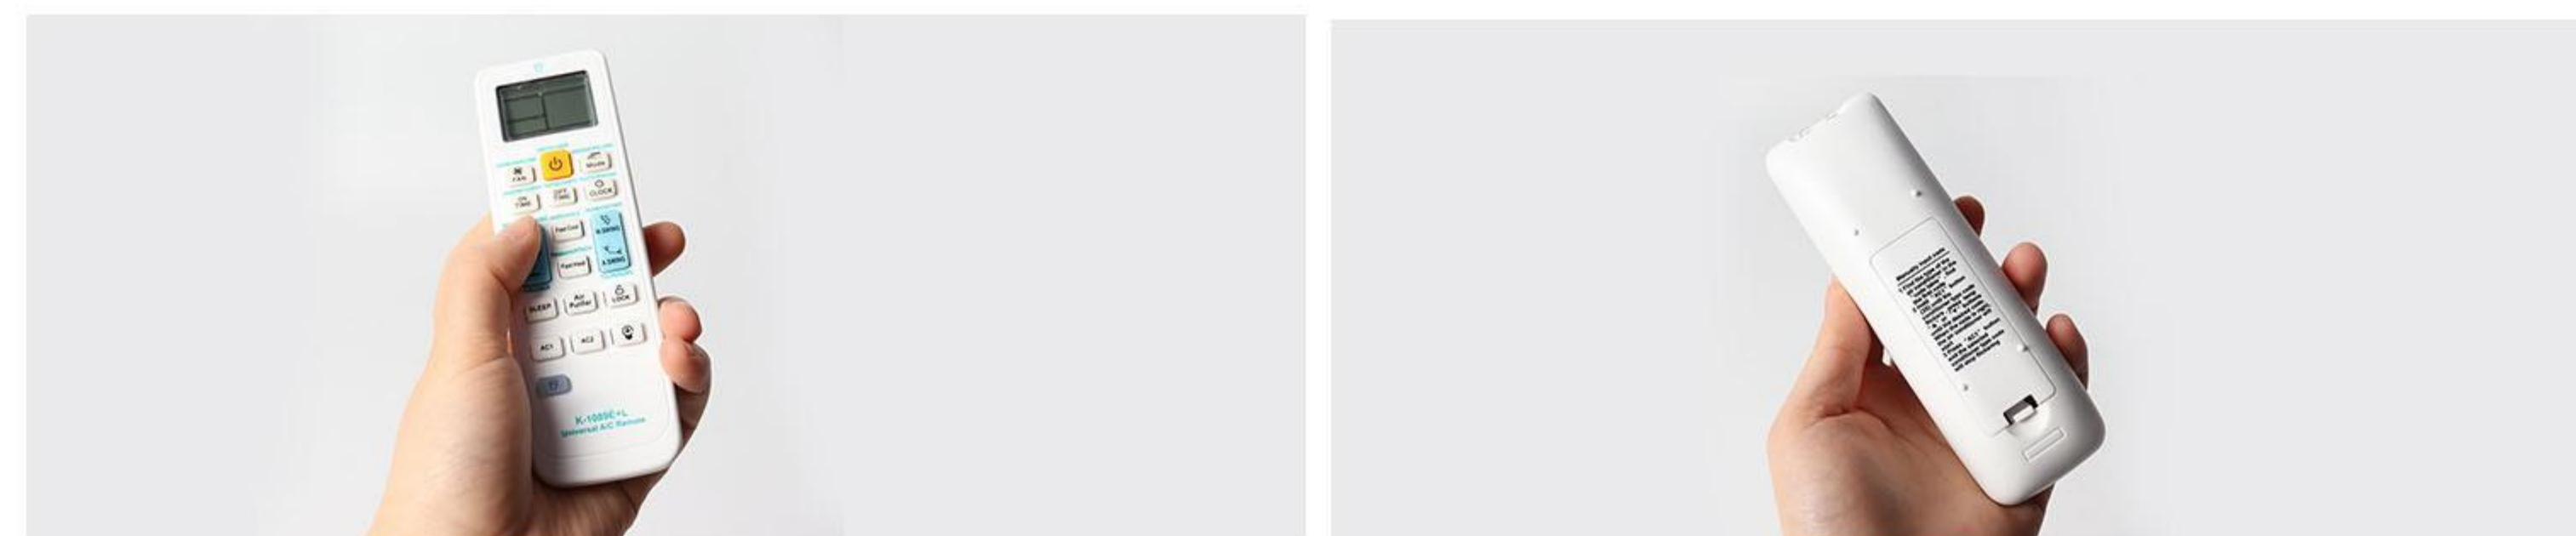

Material: PVC

Function: Two rubber dampers on the bracket can reduce noise effectively. The universal PVC support bracket can load up to 150kg.

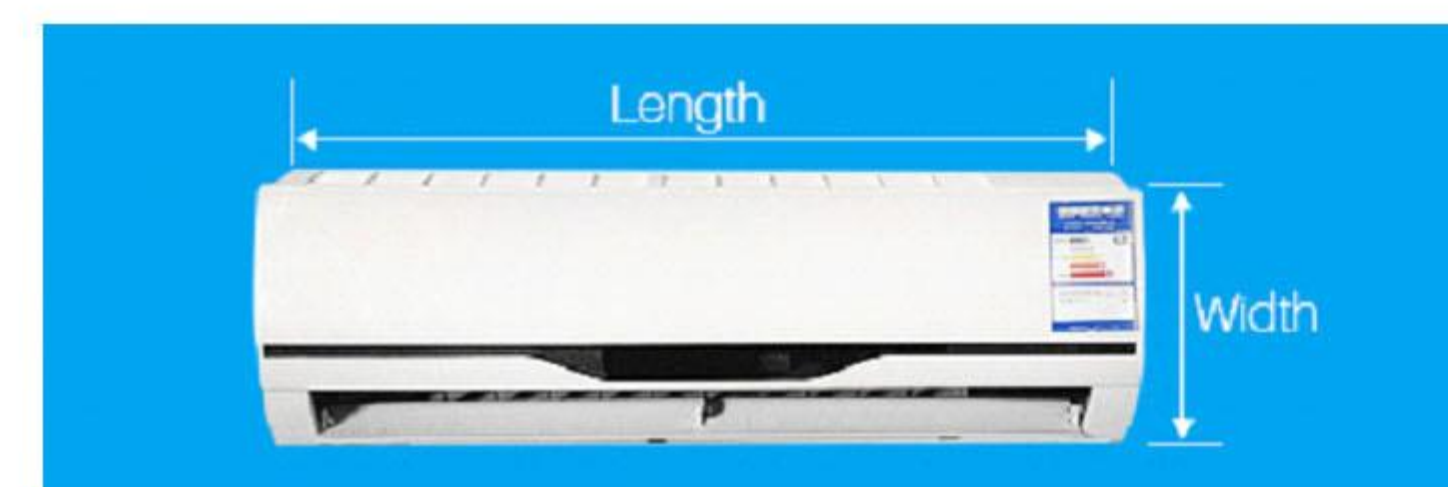

Model: Conditioner Pad Remote Control

Function: By using AC remote control, you can remotely control most brands and models of air conditioners.

Model: Mini Split Cleaning Kit

Function: The air-conditioning hang-up wind turbine air duct cleaning water hood solves the problem that the wind wheel is difficult to clean and the sewage is difficult to handle.

Model: Condensate Pumps

Function: Air Conditioning Water Pump Drainage Pump professional design for HVAC, Air Con, Dehumidifier, Furnace, Ice Maker, other equipment where an automatic drain pump is required.

OUR SALES TEAM

Changzhou DABUND Pipe Co., Ltd. is a professional manufacturer of HVAC parts in China, with more than 14 years' experience. The main products we produce including Insulated Copper Pipe, Air Conditioner Line Set, Air Conditioner Installation Pipe Kit, Air Conditioner Bracket, AC Lineset Cover, Air Conditioning Cleaning Kit etc. We produce Embossed White PE insulation and aluminum pipes by ourself, to save cost for customers. Dabund Pipe is located in Changzhou City, Jiangsu Pro. near to Shanghai. With scientific progressive conception of rapid introduction, we make our air conditioning insulated pipe cover many overseas markets. Like North American, Europe, Southeast Asia, Middle East, South Africa and so on. "Growing with clients" is always our management concept.

Quality first priority, we believe that the market is a true test of the vitality of enterprises. We welcome customers and friends from around the world to cooperate with us and look forward to receiving your inquiries in the near future. Our sales team is always ready to serve you. Enjoy Dabund Enjoy Life.
