

12G Industrial Camera Coaxial cable

Features

- Reference to J11A CXP-001-2021
- Supports data rate up to 12.5Gbps
- Longer lengths, up to 80FT
- Enable faster frame rates
- Available in both BNC and HD-BNC connectors
- Simultaneous transmission of video, control, signal and power
- Made in Taiwan

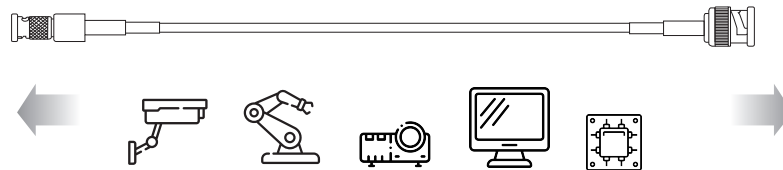

Applications

- Surveillance system
- Industrial AOI system
- Image inspection
- Medical industry
- Visual positioning application
- Traffic surveillance system
- Measurement / Sorting application
- Intelligent transportation system

Devices

Professional Cameras
Machine vision systems

Display

Projector
Monitor
Frame Grabbers

Specification

Signal Support

Reference to standard	J11A CXP-001-2021
Bandwidth	12GHz
Data Rate	12.5Gbps
Connector	BNC or HD-BNC Connector

Connector

BNC or HD-BNC connector

Shield

Robust EMI shield

23 / 18 AWG

PVC

Construction

- | | |
|---------------|-------------------|
| 1 Jacket | 4 Dielectric |
| 2 Braid | 5 Inner Conductor |
| 3 Al-Mylar-Al | |
