

# E12724

## Target puck for valve actuators

PUCK 65MM BASIC

### Application

Design

for mechanical interfaces to pneumatic actuators or manually-operated valves VDI / VDE 3845, ISO 5211 / DIN 3337

### Mechanical data

|                             |                                                                                        |         |
|-----------------------------|----------------------------------------------------------------------------------------|---------|
| Weight                      | [g]                                                                                    | 79.8    |
| Target puck diameter        | [mm]                                                                                   | 65.6    |
| Hole spacing                | [mm]                                                                                   | 80      |
| Shaft height of valve drive | [mm]                                                                                   | 30      |
| Materials                   | target puck: PA 6 black; metal parts: stainless steel; Position indicator: PA 6 yellow |         |
| Tightening torque           | [Nm]                                                                                   | 2.5...3 |

### Accessories

Items supplied

half-round head screw: 1 x (M6 x 25 mm), stainless steel EN ISO 7380-2:2011

# E12724

## Target puck for valve actuators

PUCK 65MM BASIC

### Remarks

Pack quantity

1 pcs.

### Diagrams and graphs

#### Installation
