BS EN/EN62368-1 GB4943.1 TPTC004 IEC62368-1 BS FN/FN61558-1

### Features

- · Universal AC input / Full range
- · Built-in active PFC function
- · High efficiency up to 89%
- · Cooling by free air convection
- · Built-in remote ON-OFF control
- · Protections: Short circuit / Overload / Over voltage / Over temperature
- · LED indicator for power on
- · 3 years warranty

## Applications

- · Factory control or automation apparatus
- · Test and measurement instrument
- · Laser related machine
- · Burn-in facility
- · RF application

## Description

RSP-75 is a 75W single output enclosed type AC/DC power supply. This series operates for 85~264VAC input voltage and offers the models with the DC output mostly demanded from the industry. Each model is cooled by free air convection, working for the temperature up to 70°C.

# ■ Model Encoding / Order Information
