

OUJVAN ON LED MACHINE WORK LIGHT SIGNALTOWER LIGHT

Machine tool lamp Machine tool warning light Sheet metal luminous design

Li Zhaolong [OUJVAN Engineering Director, application of machine tool lamp LED light source development]

Industry experience: 13 years. He graduated from South China University of Technology in 2005 and received his master's degree in mechanical Engineering in 2010. Three years after graduation and engaged in mechanical design, he worked as a senior executive of a world-renowned industrial lighting R&D enterprise for six years. In 2009, I replaced the traditional halogen bulb with LED light source and successfully applied it in the machine tool lamp and other industrial lamps through many experiments with my personal ability. I have become one of the well-known engineers in the industry. LED light source machine tool lamp r&d application

Zhang Weidong [OUJVAN Product Quality Director]

I have been engaged in quality management of industrial lighting industry since 2004. I have experience in quality management of Philips Lighting, Panasonic and Juzuo Lighting company. I have participated in drafting related standards of LED industrial lighting. During this period, I won 11 individual patents, the municipal Award for Excellent introduction of talents and the first prize in the Forum of High Engineering.

LED LIGHTING
focus on industrial lighting

F3

LED F3

- **Application:**
Engraving machine ,EDM ,CNC machine and lighting for other machine tools .
- **Feature :**
1： 1 .Fixed by base .High quality flexible hose with good hardness , fast and precise positioning as you wish .
2： 1—3w high power LED light beads ,perfect design to achieve water—proof and oil proof .

OUJVAN FOCUS ON LED MACHINE WORK LIGHT

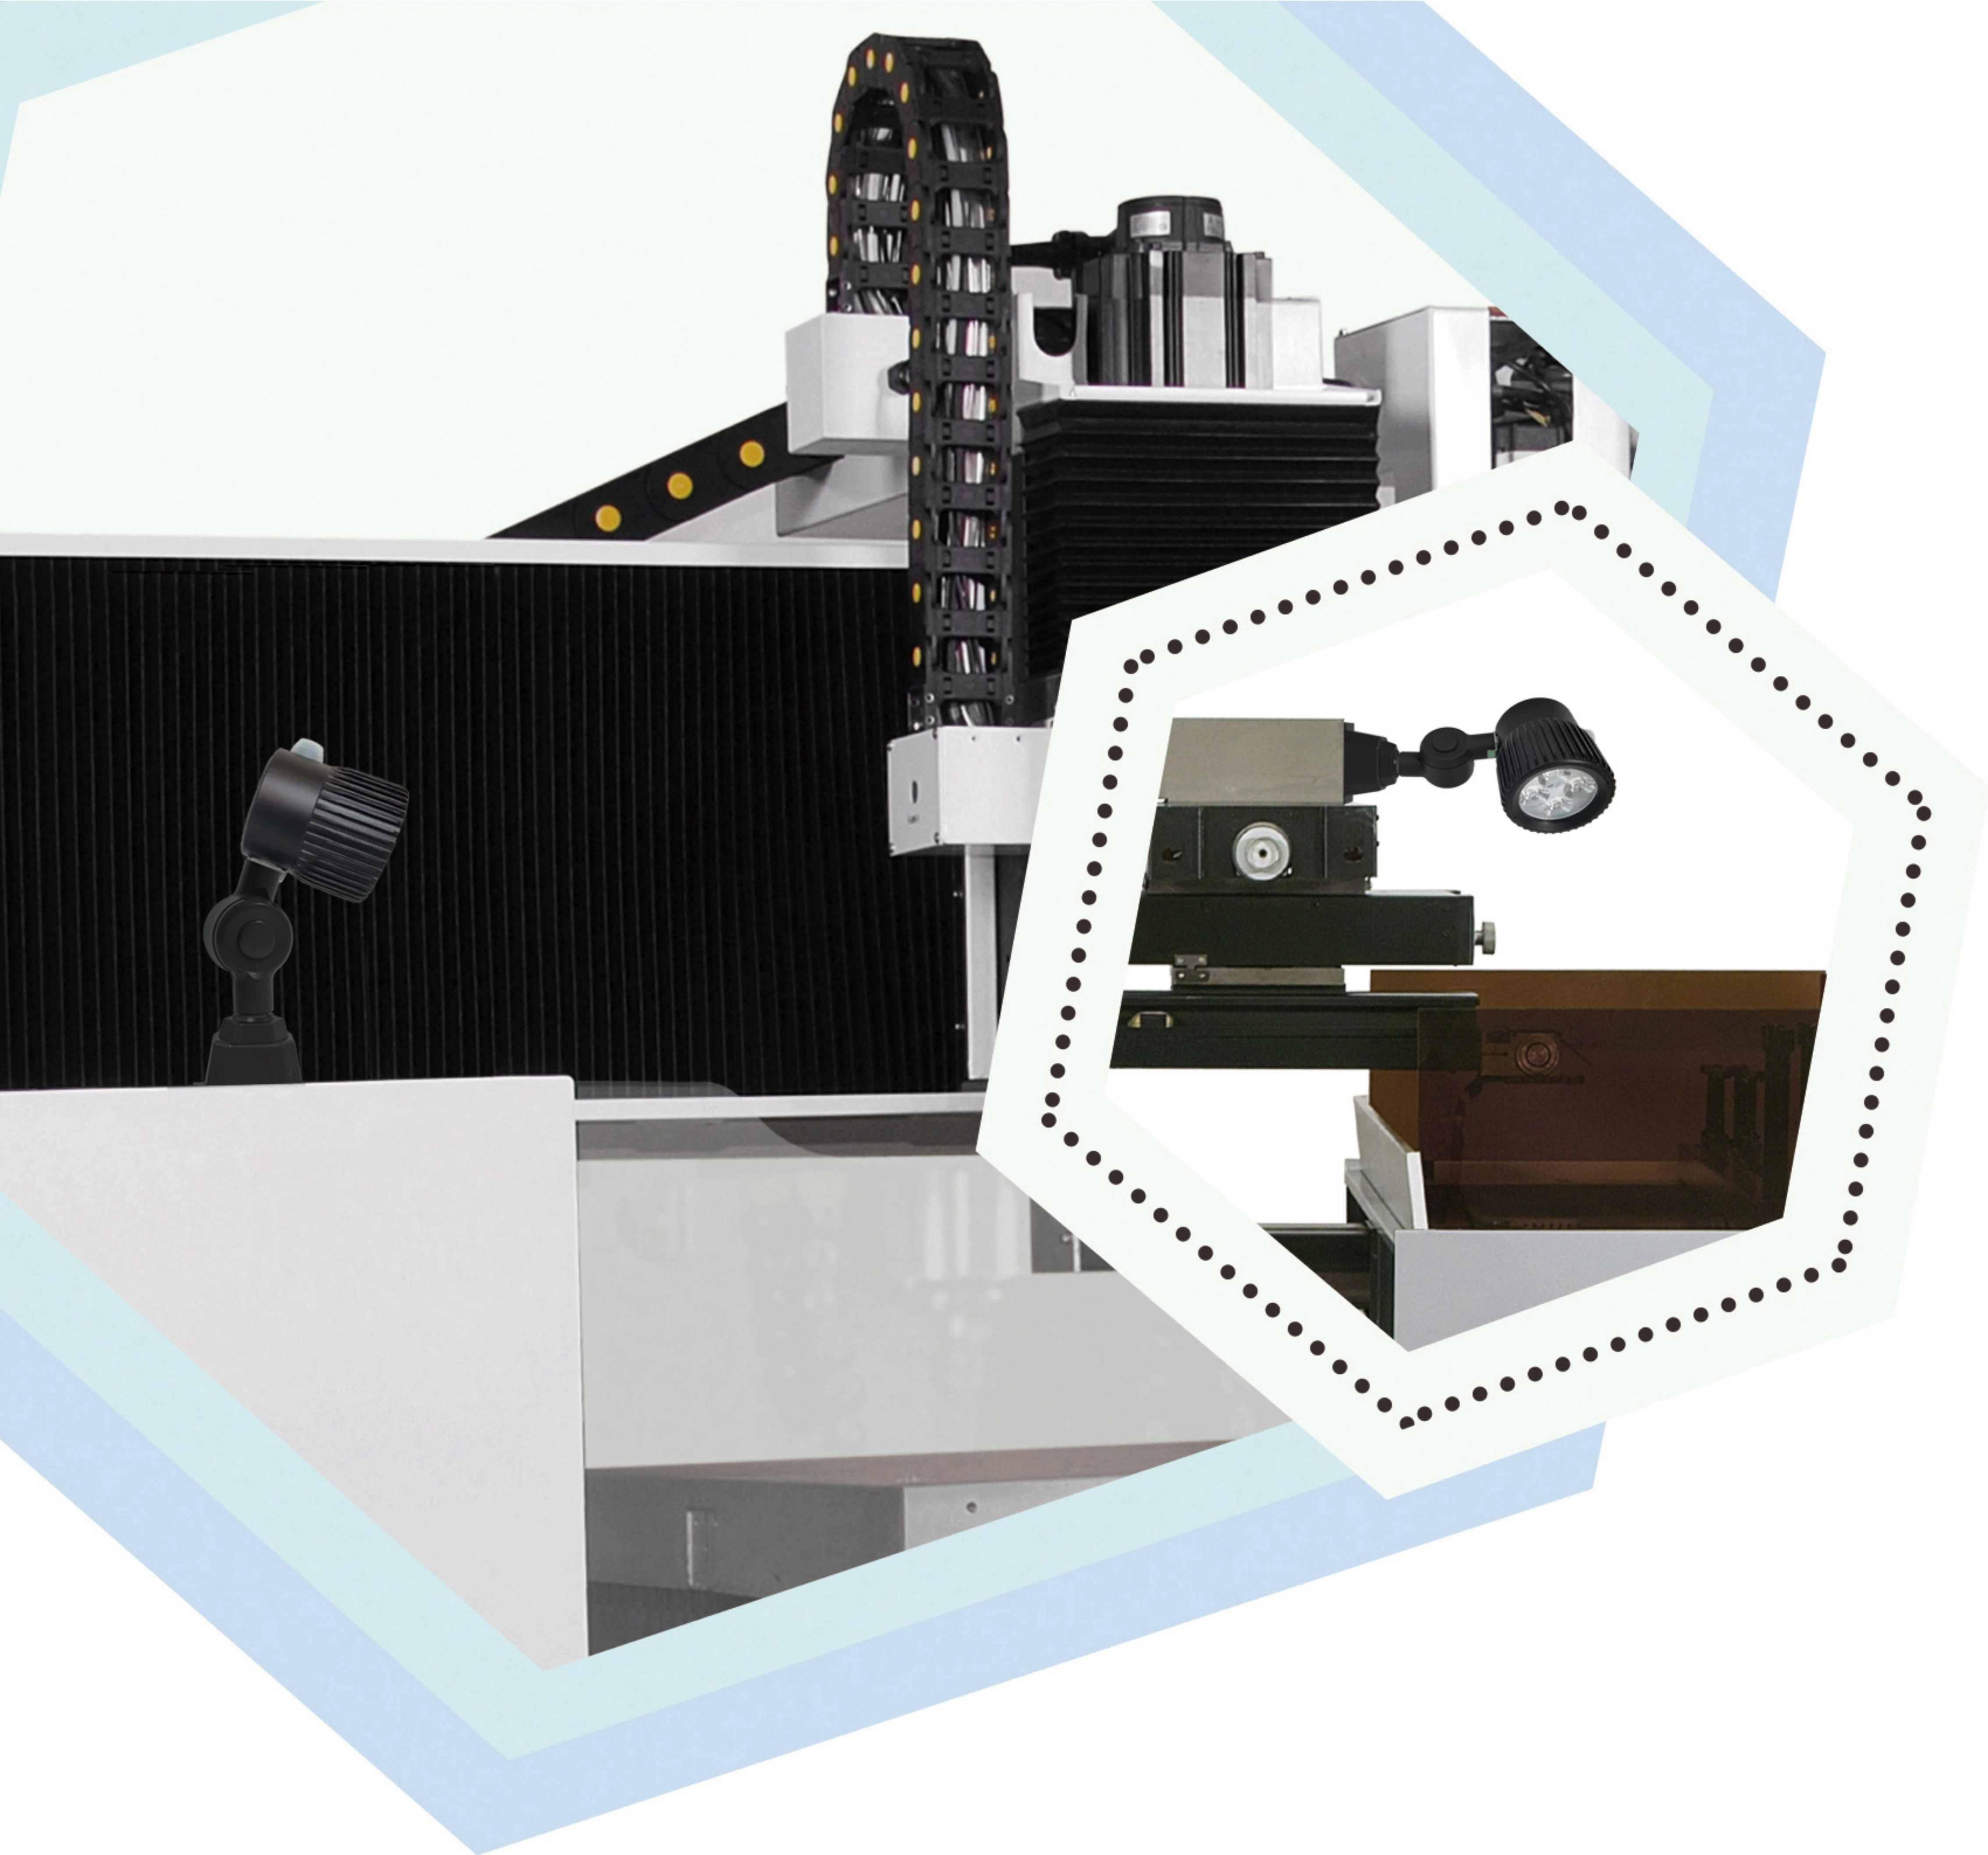

PRODUCT PARAMETERS

Lumen	5W400lm
Efficiency	80lm/W
CRI	>80
Beam angle	30°
IP rating	IP67
Temperature	<60℃
Life	70,000H
Color	Black
Material	lamp body : Aluminum alloy lampshade : Toughened glass base : PA+15%GF
Installation	Fixed by screw

CODING PRINCIPLE

OUJVAN-F3-02 C 550 5W
1 2 3 4 5

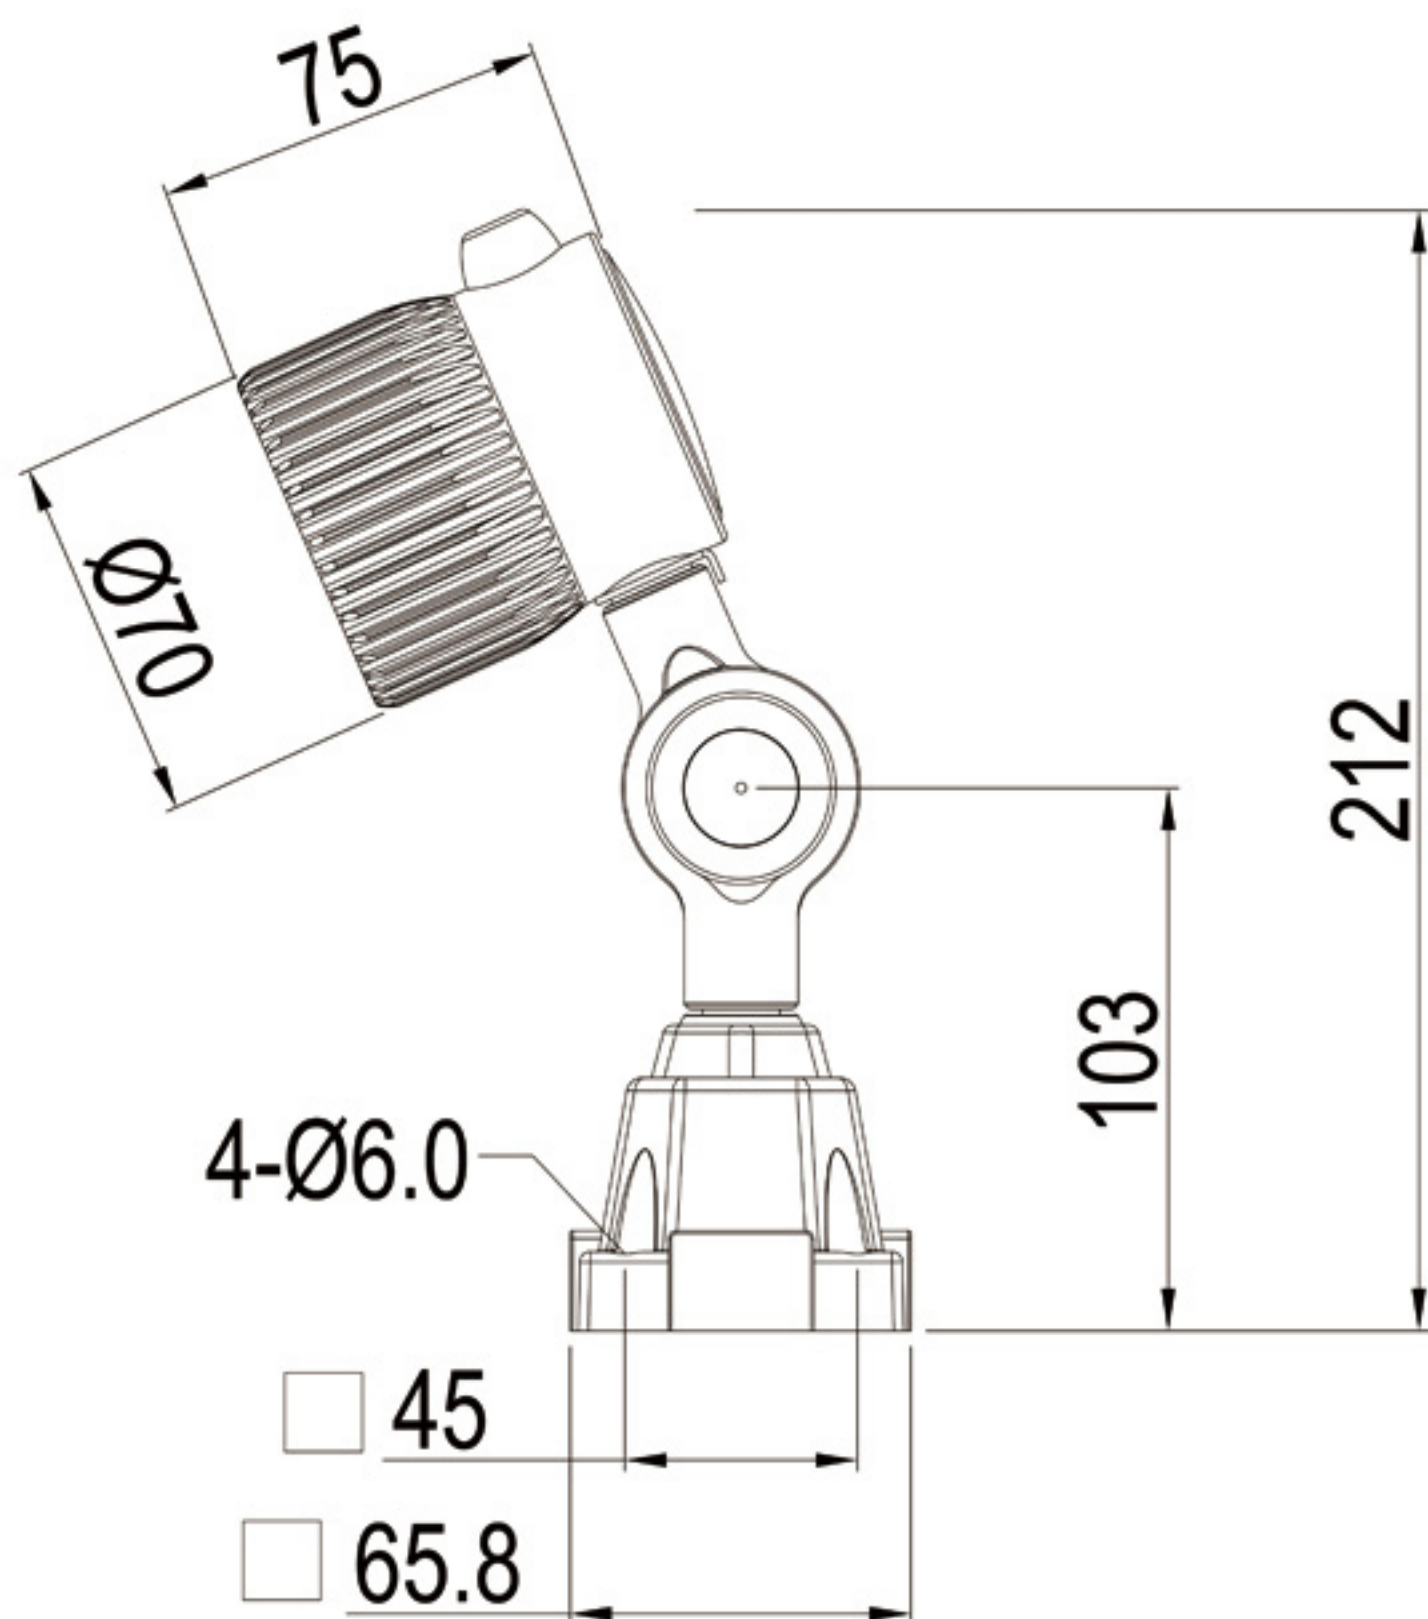

1 Model No	F3
2 Voltage	01、AC/DC12V； 02、AC/DC24V； 03、AC220V (50/60Hz)
3 CCT	A、2800—3200K B、4000—4500K C、6000—6500K
4 length of hose	550mm / or custom
5 Power	5W

■ LED S1

OUJVAN FOCUS ON LED MACHINE WORK LIGHT

PRODUCT PARAMETERS

Lumen	5W500lm
Efficiency	100lm/W
CRI	>80
Beam angle	30°
IP rating	IP65
Rated current	0.23A(24v)
Life	70,000H
Color	Black
Material	lamp body : Aluminum alloy lampshade : tempered glass base : PA+15%GF
Installation	Fixed by screw

■ Application:

Application: Area lighting for cnc machine, engraving machine, EDM, milling machine, machining center, grinding machine, etc.

■ Feature:

- 1: Fixed by base, easy and fast, Joints 270° adjustable. Joints provide accuracy and flexible positioning.
- 2: IP65 waterproof rated, resistant to any water, coolants and lubricants.
